---

**Town/location of sample**

---

**Supplied from (source)**

---

**Treatment processes**

---

**Approximate number of residents**

---

I agree to the WIOA terms of this competition and have permission to submit this entry.

The testing undertaken in this competition is subjective and the main objective is to promote the good work of water service providers in Victoria to the broader industry and community.

On behalf of the business listed above, I understand and accept the terms and conditions of this competition and that the sample provided for this test is from a source which has had no serious water quality incidents in the last 12 months\*.

*\*A "serious" water quality incident includes protracted periods of poor water quality or boiled water alerts, an event leading to immediate potential public health risks or other break-down of risk-management protocols.*

Only the identity of the four grand finalists and the supplier of the winning sample will be announced - Grand Final or Heat samples will not be ranked, nor will any of the scores be released.

I further agree to participate in promotional opportunities (including a presentation) if the sample is deemed the winner.

The decision of the judges is final.

**Signed**
