## 2019 Queensland Water Industry Operations Conference & Exhibition

**5 & 6 JUNE  
Bundaberg**

### About the Event

The Water Industry Operators Association of Australia (WIOA) along with a number of partnering organisations and industry sponsors will stage the 44th Annual WIOA Queensland Water Operations Conference and Exhibition in Bundaberg in 2019. This is one of three very successful 'operationally focussed' conferences and exhibitions organised by WIOA annually. All three events in NSW, Queensland and Victoria had very strong exhibition participation rates last year and it is anticipated this year will be just as popular.

### Who attends?

This conference brings together operations and maintenance personnel from all over Queensland including representatives from:

- Metropolitan and regional councils
- Private water enterprises
- Trade waste & environmental officers
- Water and wastewater utility managers
- Researchers
- Water authorities
- Engineers & consultants
- Scientists

Entry to the exhibition is FREE which allows allied industry personnel such as plumbers, trade waste, mining, food and beverage employees and contractors access to the exhibition.

### Technical Program

The conference technical program will provide key information for anyone interested in the operational side of the water or wastewater industry. Importantly, the papers presented at past events are not just about water or wastewater treatment but cover a wide range of topics.

### Conference and Exhibition Format

The exhibition compliments the technical program by providing an opportunity for the delegates and visitors to discuss with suppliers the latest water industry developments and see state-of-the-art technology on display. The social activities and interaction between exhibitors and delegates provides excellent opportunities to gain important contacts within the Queensland water industry. You can also maximise your organisation's profile by taking out a conference sponsoring option, or by presenting a technical paper. This is one of the few conferences that maximises the face-to-face contact time between the delegates and exhibitors due to our successful format of keeping all conference and exhibition activities at the one site.

It is a requirement that all companies reserving a site read the WIOA TERMS AND CONDITIONS and CANCELLATION POLICY FOR EXHIBITORS and sign the declaration on the registration form.

## Social Functions

In order to provide maximum opportunities for interaction between exhibitors and delegates, all meals, including morning and afternoon teas will be served in the exhibition area during the event.

### Welcome Reception

All exhibitors and delegates are invited to register on the Tuesday afternoon and join in an informal 'Welcome' session comprising beverages and nibbles on Tuesday evening.

### Conference Dinners

There are two separate dinners in the Conference program. Wednesday night will be the very popular "**Meet the Exhibitors Dinner**" - an informal affair with minimal presentations, allowing plenty of time to catch up with old acquaintances and meet some new people whilst sharing a meal.

Thursday night will be the "**Conference Awards Dinner**" - a slightly more formal affair with a fully serviced three course dinner. Some WIOA award presentations will be made during the night and these will be kept as short as possible.

A **pre-dinner drinks and nibbles session** of one hour will be held immediately prior to both dinners. Exhibitor participation in the pre-dinner drink and nibbles sessions is conditional on attendance at the dinner.
