

South Australia Water Industry Operations Conference & Exhibition

CALL FOR PAPERS

7 & 8 August 2019
**Murray
Bridge**

Share your experiences by submitting an abstract for a paper or poster

The Water Industry Operators Association of Australia (WIOA) is proud to present the 2nd South Australian Water Industry Operations Conference & Exhibition in 2019.

This conference will include a trade expo with companies displaying their goods and services to the South Australian water industry.

We invite water industry operations staff, professionals and consultants, along with representatives from any companies supplying goods or services to the water industry to meet on 7 & 8 August 2019 to discuss the latest in water industry developments and see state of the art technology on display.

The Expo

The expo has space for a maximum of 32 companies and will provide attendees the opportunity to meet leading equipment manufacturers and service providers to see and discuss the application of state-of-the-art technology.

Abstracts

The Conference Technical Committee will organise the technical program and has sole discretion concerning the selection of abstracts for platform and poster presentations. The committee may also invite presentations from other sources.

Individuals and organisations may submit as many abstracts as they choose. If more than one abstract is submitted on different aspects of the same project, the project may be selected for more than one presentation.

Who Should Submit an Abstract?

All water industry personnel involved in the operation and maintenance of urban, rural and industrial water related infrastructure for the management, conveyance, treatment, discharge and reuse of water and trade wastes.

The WIOA conference technical program can cover various aspects of the industry:

- Management of large dams and storages
- Wastewater collection and treatment
- Use of reclaimed water or biosolids
- Consultation and public education
- Development and application of new technologies
- Treatment and distribution
- Water supply
- Project management
- Asset management
- Training and safety issues

If you have ideas or have completed works that could influence the operational aspect of the water industry, there's no better place to share them than here. You are encouraged to submit an abstract for the program for platform presentations. All papers are considered equally important to the technical program.

Guidelines for Submission of Abstracts

Abstracts for platform papers and posters must be submitted electronically by email. Intending presenters should submit a half page (200 words) abstract outlining the contents of the proposed paper by email to info@wioa.org.au

A template to be used is available on the WIOA conference website and abstracts must include:

- **Title of abstract**
- **Qualifications**
- **Contact details**
 - Name of principal author
 - Organisation
 - Postal address
 - Email
 - Telephone &/or mobile phone number

Selection Criteria

Abstracts will be reviewed and judged on the basis of relevance to the industry, suitability of content to a broad audience, originality of work (including new concepts, improvements or new research or operational data), technical content and practical application. Abstracts may be accepted subject to changes being made to the content or focus of the final manuscript.

Abstracts with an overt commercial message will be rejected.

Share your experiences by submitting an abstract for a paper

Format for Papers

Successful authors will be sent guidelines and a template to assist in formatting their final manuscript. This format must be strictly adhered to. Authors must manage their own time appropriately and should ensure they complete their paper in time for internal review by their own organisation if necessary. Delays caused by waiting for internal review is not a relevant excuse for the late submission of papers. The final manuscript submission date is not negotiable and late papers will be withdrawn from the program.

The manuscript will be made available in pdf format to conference delegates on a USB.

Award for Best Paper

The paper judged as best over the entire conference will be awarded the Best Paper Award. To be eligible to win the Best Paper all authors must be WIOA members.
